

# Express Yourself Through Light with Fresco™

The Fresco family of high performance lighting controls delivers seamless control for today's architectural and dynamic lighting environments.

- **On-screen Lighting Design:** Create and edit the lighting layout directly from the touchscreen
- **nLight® Device Integration:** Extend the range of control with digital sensors, wallstations and luminaires
- **Fresco Control Network:** Connect additional Fresco touchscreens and button stations to extend control throughout the space
- **Universal Lighting Control:** Manage all dynamic lighting sources from a single touchscreen
- **DMX512-A/RDM Control:** Fine-tune color, color temperature and intensity of high performance, RGB and tunable white luminaires
- **Bluetooth® Control:** Pair handheld devices with the Fresco touchscreen controller for seamless control anywhere in the space
- **Scheduling:** Activate lighting scenes with the built-in astronomic time clock
- **Room Link:** Link Fresco controllers to share lighting zones and scenes when rooms are combined
- **Third-Party Integration:** Allow third-party control systems to communicate with the Fresco network

### Meet the Family

The Fresco network of lighting management panels, third-party integration solutions and configuration software work together to manage multiple light sources, in multiple lighting zones. All from one simply elegant touchscreen controller.

**Fresco Touchscreen Controller**

Dynamic multi-zone room controller

**Fresco LMP1**

Single module lighting control panel

**Fresco Lighting Management Panel**

Multi-module lighting control panel

**Fresco DXT**

DMX512-A networking panel

**Fresco AVI**

Third-party integration solution

**Fresco Studio**

Fresco system configuration software

**Fresco RB Button Station**

Digital remote wall station controller

**Fresco DXT LPDD**

Unified DMX512 control panel for LED
